

Nameserver Branding

Setup Guide

Partially Branded Nameservers

- ✓ Log Into Your Control Panel
- ✓ Navigate to Settings > Branding Settings
- ✓ Click on the Nameservers Tab
- ✓ Opt in to Use Partially Branded Nameservers

The screenshot displays the 'Branding Settings' control panel. On the left is a navigation menu with the following items: Overview >, SuperSite & PartnerSite >, Control Panel >, Control Panel - Shopping Cart Integration >, **Name Servers >**, and Branded URL Prefix >. The main content area is titled 'Name Servers For Web Services' and features a radio button labeled 'Use Partially-Branded Name Servers' which is selected. Below this, a text block states: 'Use our FREE set of partially-branded Name Servers for all the Web Services you sell.' To the right of this text is a grey box containing the note: 'These Name Servers are hosted on our servers. They will be used by your Customers when they buy Web Services'. Below the text is a table with four rows of name server information:
