Reload Cache Data

The supersite downloads all your pricing, package configuration and other such information required to build the supersite, from your Reseller account, and caches it locally. If you make any changes to these items from your Reseller Control Panel, you will need to select the data you wish to reload and click the Reload button below to reload the cache.

Required to point your Domain Name to your website or email service

Name Server Details

eesstesting.com

Point your Domain Name to your Website or Email service using one of the options below.

Option 1: Configure your Domain Name to use our Name Servers (Recommended)

- ns4.vidhis.com
- ns3.vidhis.com
- ns2.vidhis.com
- ns1.vidhis.com

Option 2: Add the following records to your Domain Name's existing Name Servers

eesstesting.com	IN	MX	us3.mx1.mailhostbox.com
eesstesting.com	IN	MX	us3.mx2.mailhostbox.com
eesstesting.com	IN	MX	us3.mx3.mailhostbox.com

You must make these changes from your Domain Name's control panel. Check with your Domain Name provider for detailed information on this.

These changes require 24–72 hours to take effect.
